

*How do they say – on the open seas and in projects one is in God's hands because: „Getting off“ is not possible. You have to hold on and also have a bit of luck at the end of the day. You should also have fun besides the work: Please find an instruction how to fold a paper boat – for tough meetings or just for fun. Enjoy!  
Pictures are welcome ;) Kind regards – Monika Stahl*

# PAPIERBOOT

*....et voilà!*
